## Alexandria solar container battery in Egypt

Does Scatec ASA have a battery storage facility in Egypt?

The Borup battery storage facility,...Scatec ASA has reached financial close for the "Obelisk" hybrid solar and battery storage project in Egypt. The 1.1 GW solar plus 100 MW/200 MWh battery energy storage system (BESS) project is backed by non-recourse financing of USD 479.1 million.

What's going on with Egypt's solar project?

Work is underway on a 1.1 GW solar project with 100 MW/200 MWh of accompanying battery energy storage in Egypt. The first phase of the project is scheduled for commercial operation during the first half of next year.

What is Egypt's first hybrid solar and battery project?

The project, billed as Egypt's first hybrid solar and battery project, will be built in two phases. The first will see 561 MW of solar constructed alongside 100 MW/200 MWh of battery storage, with a targeted date for commercial operation in the first half of next year.

How much solar power will Egypt have in 2026?

The second phase, comprising 564 MW of solar, is scheduled for the second half of 2026. Electricity from the project will be sold under a USD-denominated 25-year Power Purchase Agreement (PPA) with the Egyptian Electricity Transmission Company (EETC), supported by a sovereign guarantee.

Construction of Egypt's first solar and battery storage hybrid project is set to commence in the first half of 2025. The project will feature a 1 GW solar capacity paired with a ...

The first phase of the project is scheduled for commercial operation during the first half of next year and the site is backed by a 25-year power purchase agreement (PPA) from ...

Obelisk is Scatec's largest project to start construction to date and combines solar and batteries to deliver stable and cost competitive renewable energy to support Egypt's ...

Egypt laid the foundation stone on Monday for a \$210m solar energy manufacturing complex in the Suez Canal Economic Zone (SCZONE), a project involving Chinese, Emirati, ...

Scatec ASA has reached financial close for the "Obelisk" hybrid solar and battery

---

storage project in Egypt. The 1.1 GW solar plus 100 MW/200 MWh battery energy storage ...

Norwegian renewables developer Scatec has received the cabinet's approval to proceed with a major hybrid solar and battery storage project in Egypt, which can produce 100 ...

Work is underway on a 1.1 GW solar project with 100 MW/200 MWh of accompanying battery energy storage in Egypt. The first phase of the project is scheduled for ...

EDF power solutions has acquired a 20% stake in the Obelisk hybrid project near Luxor, a 1.1 GW solar plant with 100 MW/200 MWh battery storage.

Scatec ASA has officially commenced construction on its landmark 1.1 GW Obelisk solar power project in Egypt, which includes an integrated 100 MW/200 MWh battery energy ...

The first phase of the project is scheduled for commercial operation during the first half of next year and the site is backed by a 25 ...

Oslo/Cairo, 05 May 2025: Scatec ASA has commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt. The energy...
