Bangji outdoor power bank

How long does a power bank take to charge?
The power bank charges to full in four hours via USB-C cable. It is certified FAA carry-on compliant and its compact size makes it an ideal travel companion. It has a hard plastic exterior with rounded edges and corners, meaning it's durable and easy to slide into a backpack.

How do you charge a Yeti 200X portable power station?
If you're camping with a car, then the Yeti 200X Portable Power Station will have most bases covered. There are three ways to charge the unit: plugging it into a wall at home before you leave, from your car via a 12V charging cable or by solar panels (sold separately). It has enough capacity to charge a smartphone up to 20 times.

Can a power bank charge a tablet?
It will also top up a tablet but won't charge it completely. Its size means it fits easily into a backpack,fanny pack,purse or even a pocket. No power buttons make it easy to use,and the flip-out USB port makes for simple charging of the power bank in a wall charger or other power source.
