
Battery pack database

What is the battery database?

The on-line Battery DataBase includes 20,000 updated records of battery industry companies, batteries, cells, fuel cells and super capacitors datasheets. Do you want to find the best cell for your battery pack design? Do you want to find vendors for the products you need?

What is the most comprehensive on-Line battery database?

The most comprehensive on-line Battery database! Buy 1 year subscription with Credit Card/PayPal (\$834 including 4.3% PayPal commission) The on-line Battery DataBase includes 20,000 updated records of battery industry companies, batteries, cells, fuel cells and super capacitors datasheets.

How often do we publish data to battery archive?

We publish more data to Battery Archive and make software updates to the Battery Lifecycle Framework every 2 months. By subscribing to the Battery Archive Newsletter, you will be informed when new data and software becomes available. Query and filter for specific experimental conditions.

How do I contribute data to the battery archive?

Apply performance and degradation models to battery data. To offer site feedback or contribute datasets, please email info@batteryarchive.org. This work is supported by the U.S. Department of Energy Office of Electricity Energy Storage Program through the Sandia National Laboratories Grid Energy Storage Department.

Electra Vehicles, Inc. created EnPower(TM) Battery Pack Design Suite to give engineers access to the pack-level cell selection, simulation, and comparison necessary to ...

Medium article. BetterBat Cell Database - Open-source database of over 300 lithium-ion battery cells from various manufacturers, with technical details ...

Medium article. BetterBat Cell Database - Open-source database of over 300 lithium-ion battery cells from various manufacturers, with technical details like size, weight, capacity, and cycle ...

Kais Diagnostics is an in-house developed battery pack monitor and diagnostics software that supports all battery packs integrated with the Kais firmware framework. A comprehensive ...

Battery Pack Database This is an excel file with 1,528 battery packs listed and 39,085 data points. The file comes as a .xlsx file to allow you to easily download it and open in Microsoft Excel. ...

The Battery Database is an invaluable resource for anyone interested in electric vehicles. It provides comprehensive technical details about various EV battery packs, making it easier for ...

The on-line Battery DataBase includes 20,000 updated records of battery industry companies, batteries, cells, fuel cells and super capacitors datasheets. Do you want to find the ...

This work presents a database of a lithium-ion battery pack cycling tests generated from a custom test bench that simulates dynamic driving conditions based on the WLTP cycle. ...
