
Indonesia 5G base station electricity fee standard

What is new Indonesia technical standard for 5G devices?

This regulation regarding new Indonesia technical standard for 5G devices applies to subscribers and base station devices used for Broadband Wireless Access(BWA). New Indonesia technical standard for 5G devices are part of efforts to modernize the regulatory structure to support the deployment of next-generation networks.

What is new Indonesia technical standard for 5G BWA?

New Indonesia technical standard for 5G devices are part of efforts to modernize the regulatory structure to support the deployment of next-generation networks. The regulation of the new Indonesia technical standard for 5G BWA is, of course, inseparable from efforts to harmonize with international norms.

Where is 5G available in Indonesia?

Last year, IOH launched 5G services in five cities: Solo, Jakarta, Surabaya, Makassar, and Balikpapan. IOH is committed to delivering world-class digital telco experience, connecting, and empowering every Indonesian.

What frequency is 5G in Indonesia?

To further encourage the adoption of 5G networks in Indonesia, the government is also preparing three frequency options. The first is the lower band, which has two options - 700 MHz and 800 MHz. The 700 MHz frequency is currently still used for analogue TV broadcasts which are planned to be migrated to digital.

On May 23, 2025, the Ministry of Communication and Digital of Indonesia issued Decree No. 204 of 2025, introducing new technical standards for 5G-based Broadband

...

With the maturity and large-scale deployment of 5G technology, the proportion of energy consumption of base stations in the smart grid is increasing, and there is an urgent ...

A significant number of 5G base stations (gNBs) and their backup energy storage systems (BESSs) are redundantly configured, possessing surplus capaci...

The Minister of Kementerian Komunikasi dan Informatika (KOMINFO) of Indonesia published Keputusan Nomor 352 Tahun 2024 on July 25, 2024, establishing Technical

...

The 5G base station is the core device of the 5G network, providing wireless coverage

and realizing wireless signal transmission between the wired ...

As global 5G deployments accelerate, base station energy storage standards have become the invisible bottleneck threatening network sustainability. Did you know a single 5G macro site ...

The Indonesian Ministry of Communication and Digital has issued Ministerial Decree No. 204 of 2025, introducing technical standards for 5G telecommunications equipment ...

The Standards is primarily about 5G subscriber station broadband wireless access (hereinafter referred to as SS BWA 5G) and 5G base station broadband wireless access. SS BWA 5G ...

In today's 5G era, the energy efficiency (EE) of cellular base stations is crucial for sustainable communication. Recognizing this, Mobile Network Operators are actively prioritizing EE for ...

This decree applies to: Subscriber Stations (SS BWA 5G) Base Stations (BS BWA 5G) It aims to regulate safety, EMC compliance, power supply requirements, and radio ...

Indonesia's Ministry of Communication and Digital has issued Decree No. 204 of 2025, establishing technical standards for 5G-based Broadband Wireless Access (BWA) ...

To further explore the energy-saving potential of 5 G base stations, this paper proposes an energy-saving operation model for 5 G base stations that incorporates ...

On June 24, 2025, Indonesia's Ministry of Communication and Digital Affairs (KOMDIGI) published KEPMEN KOMDIGI NOMOR 204 TAHUN 2025, setting out new ...

The Ministry of Communications and Informatics (KOMDIGI) has issued Ministerial Decree No. 204 of 2025 regarding new Indonesia technical standard for 5G devices operating ...

With the rapid development of 5G communication technology, global telecom operators are actively advancing 5G network construction. As a core component supporting ...

The Indonesian Ministry of Communication and Digital (KOMDIGI) has issued Ministerial Decree No. 204 of 2025, setting the technical standard for Broadband Wireless ...
