# Solar energy storage agent recruitment

Who is solar recruitment?

At Solar Recruitment, recruiting the right people for your business is our core purpose. As a boutique recruitment firm specializing in IT recruitment, Telecommunications recruitment, Finance and Administration recruitment; we have grown by providing high levels of service and integrity to both our clients and candidates.

Who are solar specialist staff?

From solar manufacturers and installers to storage facilities, our track record has seen us place specialist staff across the full value chain in the solar industry: Manufacturers, Developers, EPC Contractors, Utilities, Operators, Asset Managers, Investors and Consultancies.

How can a solar talent pipeline help your business?

To prepare for future demand and minimise the problems caused by skills shortages, businesses must develop a sustainable solar talent pipeline. Our discipline-specific consultants will talent pool the best personnel in the solar market and make them available for your project or business when you need them.

Why do European EPC clients need a team of solar specialists?

Having won a major project in the UAE, our European EPC client urgently needed to recruit a large team of solar specialists to begin work on a solar power plant site as soon as possible. Our client is an independent power producer.
